Our Learning Adventures
16th- 20th November 2026

This week our children have enjoyed learning and sharing the traditional tale, Goldilocks and the Three Bears. This is a core book and we will be sharing different versions so that it becomes a well-known tale. Our Pre-Nursery children have loved the adults' expressions and gestures when re-telling.

The children have explored oats through sensory play, used our story box and small world resources. This has supported them to learn new language and make links to their own experiences.

We have had an early maths focus over the past two weeks in Pre-Nursery. The children have revisited positional language, including, behind, on top and under. They have used gesture and new vocabulary to compare size and weight. We discovered that porridge oats become heavier when they are mixed with water!

At Home

Can you retell a different story at home using gesture and facial expressions to make it super exciting!
You could make porridge at home. We will be making and tasting our own porridge at nursery next week!

Key vocabulary this week: big, small, medium

Key vocabulary next week: hot, cold, warm and mix
