

Pre-Nursery Remote Learning Pairing Socks

You will need

A range of different pairs of socks

What to do

Make a pile of socks and let your child lead as they notice and talk about the different colours, patterns, sizes and textures.

Can you find the matching pairs? Encourage and praise your child.

To extend the activity try subitising piles of 1 and 2. Order them by size.

You can explore this and many more activities on the BBC website.
