

Accessibility Plan

1. This Accessibility Plan covers the period from September 2022 – 2025
2. We are committed to providing a fully accessible environment which values and includes all children, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.
3. The Federation plans, over time, to increase the accessibility of provision for all children, staff and visitors to the school. The Accessibility Plan will contain relevant actions to:
 - Improve access to the **physical environment** of the school, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to access education.
 - Increase access to the **curriculum** for children with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as equally prepared for life as able-bodied pupils (if a school fails to do this they are in breach of the DDA). This covers teaching and learning and the wider curriculum of the school such as participation in cultural activities, off site visits, etc. It also covers the provision of specialist **aids and equipment**, which may assist these pupils in accessing the curriculum.
 - Improve the delivery of **literature** to children, staff, parents and visitors with disabilities. Examples of this might include handouts, timetables, and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.
4. Attached are Action Plans, relating to these key aspects of accessibility. These plans will be reviewed and adjusted on an annual basis. Plans will be reviewed and revised every three years.
5. We acknowledge that there is a need for ongoing awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.
6. The Plan will be monitored through the Teaching and Learning Committee of the Governing Body.

Improving the Physical Access at The Lawns Nursery School and Pre-Nursery

Item	Activity	Timescale	Costs
Accessible car parking – disabled space is in the staff car park accessible through the main gates	Ensure parents/carers are aware that the space is for disabled users only Liaise with Oakfield First School regarding access to the disabled space	Ongoing	Nil
