

Our Learning

This Week

Monday 23rd February to Friday 27th February

The children have had a wonderful week back after the half term break. We have been enjoying the sunny weather and spending lots of time in our fantastic garden. We have been making obstacle courses and learning the importance of working together. It has been lovely to see the children share their ideas and collaborate with their friends. We have also spent time in our new music cabin and revamped water play area, where the children have explored different ways to pour, measure, and experiment with water.

This week as part of our Diversity goal the children were introduced to Sofia, our persona doll. She told us about her family, her interests, and her likes and dislikes. The children were fascinated to hear that she likes to play football and went to church during half term.

Building on from this, during our time together we read the book 'All Kinds of People'. We then discussed our similarities and differences and what makes us special. The children shared details about themselves and their families and were encouraged to think about what makes them unique.

Next Week

Monday 2nd March to 6th March

We will be learning about the importance of recycling and introducing our recycling bins. Sofia will be visiting us again and talking more about her hobbies.

We will be exploring pattern and having a go at making our own pattern using natural resources.

We look forward to welcoming parents in to read with the children on Wednesday.

At Home

At home talk with your child about their family, who is in it and what makes it special.

As it is World Book Day next week get cosy and enjoy reading a selection of your favourite books.

This week our key words are **pattern, hobbies, recycle, page, listen**
