

## COOKHAM NURSERY SCHOOL WEEKLY UPDATE - 17.07.26

### THIS WEEK

The farm visited us this week! The children were so excited in anticipation for Wednesday and learnt all about the different farm animals they might see. We discussed which animal may live in which habitat and what food they might like to eat. The children also learnt the importance of staying calm around the animals in order not to frighten them. We were visited by a variety of farm animals such as goats, lambs, ducklings, hens, a horse and a donkey! Smaller animals came too such as guinea pigs and rabbits. The children were able to feed the animals with chopped vegetables and picked grass for the animals to eat too!

The children used descriptive language when observing the animals and were able to describe how they felt when stroking and feeding them.

What a lovely way to spend our last Wednesday at Nursery before the summer holidays!

Thank  
you!

We have had such a wonderful year with your children. Looking back at all the teaching, learning and experiences we have shared, it is incredible to see how much each child has grown and progressed in their development. We feel very fortunate to have spent this year (or more) with them.

Thank you for all your support throughout the year. What a fantastic team we have been together.

We would also like to say a huge thank you for the amazing gifts and cards. Your generosity has been overwhelming, and your kind, thoughtful words have meant so much to us. Have a wonderful break, and thank you again for being part of such a special year.

We are delighted to be welcoming back our 'stayers' and look forward to seeing you on Tuesday 8th May, following our INSET day and home visits with the new children.

For those staying in Purple Group, Miss Flavelle will cover Miss Harrison on Wednesdays as Mrs Stephenson has just secured a new post at her children's old school in her village. We will miss her but we are really pleased for her and wish her luck in her new adventure.
