Our Learning Adventures
9th - 13th November 2026

We have been learning about Diwali, the festival of light. Our persona doll Ravi came and showed special objects from his festivities such as diyas, which are small traditional clay lamps lit during Diwali celebrations.

We made our own diyas using clay and then decorated them with paint, glitter and sequins.

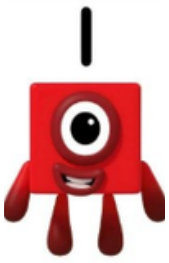

We enjoyed listening to the story of 'Rama and Sita', a Hindu story that people celebrate every year during Diwali because good prevails.

We continued learning about number 1 and were introduced to the different ways the number is represented such as the numeral, Numberblock, and orange Numicon piece.

Our Learning Adventures
3rd -6th November 2026

As part of our 'Children in Need' day, we listened to a lovely 'bedtime' story. The teachers each chose their favourite story to read to their group.

Next Week: We will continue working on 'number' focusing on number 2. We will be listening to the story of 'The Gingerbread Man' and begin to learn about the characters, setting, problem and solution.

At Home: Does your child have a favourite story at home? Perhaps they could join in with any repeated phrases, begin to notice rhyming words or act it out using props.
